Dear Mr. Price:

Subject: Singulair Model 900
Individual Wastewater Treatment System

We have received you letter of July 27, 1992. For your information, the Hawaii State Department of Health does not approve of specific products or provide an approved product listing. However, as the aerobic units are now listed as NSF Class I treatment systems, the units meet the requirements of our Administrative Rule, Title 11, Chapter 62, Section 33.1(b) Household aerobic units.

Should you have any questions, please contact Harold Yee of the Wastewater Branch at telephone no. (808) 586-4294.

Sincerely,

DENNIS TULANG, P.E.
Chief, Wastewater Branch
